

「SmartPSS」ソフトを立ち上げ、ログインしてください。

メイン画面で、【ログ】をクリック

ログ情報_バックアップ方法 SmartPSS V2.02.1

- 1 【「機器」のアイコン】をクリック
- 2 【時刻（開始/終了）】、【ログ種別】、【機器】 をそれぞれ選択して
- 3 【検索】をクリック（ログが表示されます）
- 4 【バックアップ】 をクリック（保存先を指定して、保存してください）

以上です

The screenshot shows the SMART PSS application window. The title bar includes the application name 'SMART PSS', a 'ログ' (Log) tab, and a '+' icon. The search area at the top contains three fields: '時刻:' (Time) with a date range '08/21 00:00-08/21 23:59', 'ログ種別:' (Log Type) with a dropdown menu set to '全てのタイプ' (All Types), and '機器:' (Device) with a dropdown menu set to 'CEPSA p2p'. To the left of these fields is a sidebar with a '機器' (Device) icon circled in red and labeled '1'. To the right of the search fields are two buttons: '検索' (Search) and 'バックアップ' (Backup), both circled in red and labeled '3' and '4' respectively. The main area displays a table of log entries with columns for 'ナンバー' (Number), '時間' (Time), 'ユーザー' (User), 'ログタイプ' (Log Type), and 'ノート' (Note). The table contains 17 rows of log data. At the bottom, there is a pagination control showing '全ページ表示 100' and navigation buttons for 'ジャンプ先' (Jump to) and 'ページ' (Page).
